AZ-900
AWS Certified Cloud Practitioner
Fundamentals of Visualization with
Tableau
Master of Science in Data Analytics
and Engineering

Danish Bhat

Data Analyst | Data Scientist | Machine Learning | Deep Learning
Boston, Massachusetts, United States

Summary

A data driven curiosity about numbers, a penchant for mathematics and a drive to solve big problems led me to pursue a master's degree in Data Analytics Engineering from Northeastern University. As a graduate student at Northeastern University, I focus on Data Mining, visualization, Machine Learning techniques to solve complex and data-driven problems in different fields of activity using theoretically driven data science models

Experience

Tata Consultancy Services
Data Analyst
February 2022 - Present (1 year 3 months)
United States

Marvin
Data Scientist
August 2020 - December 2020 (5 months)
Boston, Massachusetts, United States

- Implemented backend algorithms for Marvin's online teletherapy platform
- Generated data for Marvin's machine learning platform
- Implemented algorithms for Marvin's machine learning platform
- Helped build Marvin's Deep Generative Modeling platform

Mercy Corps
Volunteer
September 2017 - January 2018 (5 months)
India

Volunteered for the Mercy Corps in the rehabilitation of affected people.

Education

Northeastern University
