Urvashi Sharma

Data Analyst| Predictive Analytics | Machine Learning | Artificial
Intelligence | Data Strategy
Boston, Massachusetts, United States

Summary

Urvashi is a motivated data professional with 6 yrs of experience
and recently graduated with master's degree in Data Analytics from
Northeastern University, Boston. She is a seasoned data nerd with a
can-do attitude who doesn't just go for quick results but truly unlocks
data potential and provides elegant solutions. Urvashi is a self-starter
and a true team player. She always looks for creative ways to make
things more efficient and add business value by solving complex
data problems.

Urvashi has extensive experience in data analysis, data modeling &
warehousing, statistical modeling, data visualizations/dashboards,
predictive algorithms, machine learning, data integration using
REST API's and expert-level programming skills in SQL, Python, R,
Tableau, Data warehousing, Google Cloud Platform.

Experience

Tata Consultancy Services
Lead System/ Data Engineer
December 2016 - Present (6 years 5 months)
United States

Lead dashboard development/Analytics initiatives – including data prep by
extracting data from different databases like AWS, SQL Server, Oracle ODS
and Mongo DB and used Python to build out predictive models and used
Tableau for developing presentation layer in customer facing dashboards.
Developed POCs in Artificial Intelligence to train the data in unsupervised
learning.
Identifying tasks that could be improved through automation and performing
low to medium complexity source code development.
Investigating, diagnosing, and correcting system issues, developing new
programs and coding individual programs.
Gathering & analyzing requirements, interacting with other teams daily.

Build CI/CD pipelines for different kind of requirements, prepared blueprints for different application types and User documentation and training on Build Master tool.

Samsara
Data Analytics Engineer Co-Op
January 2022 - July 2022 (7 months)
San Francisco Bay Area

Northeastern University
Student Success Guide
August 2021 - May 2022 (10 months)
Boston, Massachusetts, United States

Undergrad student onboarding and check in and provide them support for mentorship, Tutoring, academic advisors, job search.
We truly understand student needs and recommend them the right resources.
